## BROWNING & CO.

A VOICE

From the Executive Mansion.

Mr. A. K. HAWKES—Dear Sir: The pan-  
toscopic glasses you furnished me some time  
since give excellent satisfaction. I have test-  
ed them by use, and must say they are un-  
equalled in clearness and brilliancy by any  
that I have ever worn.  
Respectfully,  
JOHN B. GORDON,  
Governor of Georgia.

## Patriarch Militant.

Meeting of the Grand Canton-  
ment at Chicago.

OVER FIFTY THOUSAND VISITORS

Prize Drilling in Which a Number of Can-  
tons Take Part—A Dress Parade and  
General Review of the Uniformed Men  
Complete the Day's Program.

CHICAGO, Aug. 6.—About 50,000 visit-  
ors, including ladies, have so far ar-  
rived in the city to participate in the  
Odd Fellows' cantonment. Every train  
coming in yesterday brought one or  
more cantons, each numbering from fif-  
teen to fifty men, exclusive of officers,  
and every department commander and  
staff officer is now on the ground, the  
last having arrived yesterday in charge  
of the Ohio cantons.

Among the many cantons that ar-  
rived yesterday were the three crack  
bodies of the army of Patriarchs Mil-  
itant, the Hussar troops from Columbus,  
O., and from Boston, Mass., and the  
lancers from Denver, Col.

The contestants in the prize drill in  
the afternoon were:

Class A—Canton Occidental, No. 1,  
Chicago; Canton Ohio, No. 1, Colum-  
bus, O.

Class B—Canton London, of London,  
Ont., and Canton Buffalo, No. 5, of Buf-  
falo, N. Y., which failed to appear in  
time.

The judges were: Lieut. Reed (re-  
tired), U. S. A.; Capt. James Rockwell,  
U. S. A., and Capt. A. H. McCauley,  
U. S. A.

Buffalo canton, not being on hand,  
Canton London, No. 1, of London,  
Ont., was the first to enter the lists.  
They showed up well in general appear-  
ance, and did fairly well in the drill.

Canton No. 1, of Columbus, O., came  
next. Their soldierly appearance was  
loudly cheered, their sword exercise  
evoked applause, but they were weak in  
their marching evolutions.

The third competing canton was Oc-  
cidental No. 1, of Chicago. They were  
greeted with an ovation. Their march-  
ing was especially fine, and other move-  
ments excellent.

The dress parade was late in forming  
owing to the delay caused by the prize  
drill that preceded it. Ten cantons of  
uniformed patriarchs took part. The  
movements were gone through with  
a clock-like precision and the sight was  
an inspiring one.

After dress parade a general review  
had been ordered and the cantons, com-  
pany front, marched past Gen. Nichol-  
son and his staff, after which they broke  
ranks.

Sightseers in great numbers occupied  
not only the grand stand in the Lake  
Front park, but the Michigan avenue  
boulevard sidewalks, the steps, balconies  
and roofs of dwellings and hotels in the  
vicinity and every point where a view  
of the imposing proceedings could be  
obtained.

MISSING MAIL CLERK.

It is Believed That He Stole Five Thou-  
sand in Registered Letters.

CHICAGO, Aug. 6.—George W. Harris,  
a mail clerk running between this city  
and St. Louis on the Chicago and Alton  
road, has been missing since Sunday  
morning, when he registered at the  
Union depot in St. Louis, and is believed  
to have stolen registered mail matter  
valued at \$5,000. Harris was head clerk  
and had three assistants.

Within five minutes after the train's  
arrival in St. Louis Harris was missed  
and thus far not a trace of him has been  
discovered. Yesterday afternoon a  
pouch which contained registered mail  
was found under a pile of sacks in the  
car. It had been cut from end to end  
and all of its contents taken.

In describing the robbery Postoffice  
Inspector James Stuart said last night:  
"The clerks usually finish their work  
when the train is about sixty miles this  
side of St. Louis. The assistant clerks  
then sleep until the train stops at the  
depot in St. Louis, but the head clerk  
stays awake. Upon arriving in St.  
Louis the head clerk registers at the  
depot his name and those of his assist-  
ants, and all four accompany the mail  
to the postoffice, where receipts are  
given for the pouches. Harris regis-  
tered all right and then disappeared.  
He was soon missed, and the mail car  
and the wagons were held while the  
men searched for him, but after con-  
siderable delay the mail was taken to  
the postoffice, where one of the clerks  
explained and was given receipts."  
Harris lived in this city, and had a  
wife and young daughter.

CLOUD BURST IN CALIFORNIA.

Bridge Washed Away and a Freight Train  
Wrecked.

NEEDLES, Cal., Aug. 6.—Last night a  
cloud burst in the mountains in Mojave  
county, Ariz., washed out a bridge just  
west of Yucca. An eastbound freight  
was precipitated into the river, killing  
Fireman William Neil and slightly  
wounding Engineer Hurshe and seriously  
scalding Brakeman Sutton.

After the bridge was repaired, the  
San Antonio express, which was delayed  
by the washout, came along closely fol-  
lowed by the Los Angeles express which  
had overtaken the San Francisco train,  
jumped the rails throwing the tourist  
car ahead of it over on its side. William  
H. Ault, of San Antonio, Tex., was  
severely injured, but the other passen-  
gers escaped with a severe shaking up.

Not Heard From Since February.

NEW YORK, Aug. 6.—The British ship  
Lord Raglan is posted at the Maritime  
Exchange as missing. She sailed from  
San Francisco for Cork, Ireland, on  
Feb. 26 last, and has not since been  
heard from. Her owners have about  
given her up as lost.

## EXPLOSION OF BENZINE.

A Building Blown to Fragments in Den-  
ver, Colorado.

DENVER, Aug. 6.—At 9 o'clock last  
night J. D. Gorrell, a clerk in Mitchell's  
pharmacy at the corner of Twenty-  
third and Wilton streets, went into the  
cellar. On reaching the foot of the  
stairs he struck a match, when instantly  
six ten gallon cases of benzine exploded  
with terrific force. The entire front of  
the building was blown into the street  
and a customer standing by the door  
was hurled twenty feet and badly burned  
and cut.

Gorrell was blown out of the cellar  
by the explosion and escaped by the  
rear door in some mysterious manner.  
He was found a few minutes later wan-  
dering in the alley in a demented condi-  
tion. His body was found to be one  
mass of blisters and it is thought he  
cannot recover.

The building was burned. On the sec-  
ond floor were a number of lodgers and  
it is thought that some of them were  
caught in the falling building and  
crushed to death.

## BITTER POLITICAL CAMPAIGN.

It Ends in a Lot of Promiscuous Knock-  
Down and Drag-Out Fights.

CHARLESTON, S. C., Aug. 6.—The  
most intensely bitter political campaign  
ever held in this state was concluded at  
Waterboro yesterday in the midst of a  
drenching shower of rain and a com-  
plete collapse of the platform and a lot  
of promiscuous knock-down and drag-  
out fights. The lie, which has been a  
common occurrence at the meetings of  
late, was not exchanged from the stand,  
at least not the lie direct, but the crowd,  
which numbered 1,000, indulged in it  
quite frequently.

In one of the scrimmages an enthusi-  
astic straight out had his head broken by  
a Tillman town marshal and several  
Tillman enthusiasts were badly handled.  
The whole state is glad that the cam-  
paign is over. The result is that Tillman  
has 187 of the 320 votes elected to the  
convention. But the fight is not yet  
over and the straight out Democrats do  
not give in. They will fight Tillman to  
the bitter end.

## KNIGHTS DISMISSED.

Thirty Conductors Discharged on the  
New York Central.

NEW YORK, Aug. 6.—General Man-  
ager J. M. Toucey, of the New York  
Central railroad, yesterday said that  
twenty-five or thirty conductors, brake-  
men and other trainmen running be-  
tween this city and Albany on that road  
had been dismissed. Most of these men  
were in the freight service of the com-  
pany and nearly all of them were  
Knights of Labor.

Grievance committees who had called  
on Mr. Toucey in regard to the dismis-  
sals have received no satisfaction, the  
only explanation offered being, that this  
being the dull season, the opportu-  
nity had been taken to weed out the  
less useful men. Among the men dis-  
missed is E. J. Lee, master workman of  
the assembly at Albany. It is hinted  
that the knights will attempt to force  
the company to terms, but nothing  
definite is known as to their plans.

## Senator Chandler Not Seriously Ill.

CONCORD, N. H., Aug. 6.—The report  
that Senator Chandler is very ill is ex-  
aggerated. He was prostrated with an  
attack of dysentery a week ago last  
Saturday at his summer house in Water-  
loo and for a day or two was seriously ill.  
His physician reports that he was up  
and dressed yesterday and was "doing  
nicely." The senator writes Maj. Frank,  
of the Monitor, that he is making slow  
but satisfactory progress toward re-  
covery. Lloyd Chandler, son of the  
senator, says his father was dressed and  
out of doors this morning.

## All Drowned but Two.

NEW ORLEANS, Aug. 6.—The steam-  
ship City of Dallas, from Central Amer-  
ica, reports that Capt. Rawley, of the  
schooner Joseph P. Machecau, of New  
Orleans, loading off Livingston, Guate-  
mala, was in a sail boat bound to the  
schooner with the commandant, the  
judge of the port and two Carib boat-  
men, and two unknown persons, eight  
persons in all, when it capsized during a  
squall. All were drowned except the two  
Caribs who succeeded in reaching the  
beach. Capt. Rawley's body alone  
was recovered.

## Killed the Wrong Man.

JOLIET, Ill., Aug. 6.—Herbert Wyman  
murdered George Krouse yesterday,  
mistaking him for Joseph Dockendorf,  
whom he had forbidden to visit his  
daughter. Wyman met Dockendorf  
with his daughter at a picnic last Sun-  
day, when the latter handled Wyman  
pretty roughly. Yesterday Wyman  
came upon the man whom he supposed  
was Dockendorf with his back turned,  
and deliberately plunged a knife to the  
hilt under Krouse's left shoulder. Wy-  
man was taken into custody.

## Carpenters in Chicago.

CHICAGO, Aug. 6.—The morning ses-  
sion of the convention of the Brother-  
hood of Carpenters and Joiners of  
America was devoted to filing the re-  
ports of the general president and sec-  
retary and the appointment of the cus-  
tomary committees. The question of  
the Brotherhood of Carpenters and  
Joiners absorbing the American branch  
of the Amalgamated Carpenters and  
Joiners was freely discussed among the  
delegates.

## Mangled by the Cars.

MONTPELIER, Ind., Aug. 6.—While  
Edward Cooper, a young man from  
Poneto, eight miles north of this place,  
was riding on a flat car, the cars  
jammed together with such force that  
it threw him under the cars and cut his  
right arm off above the elbow.

## Congressman Renominated.

DALLAS, Tex., Aug. 6.—Hon. Joseph  
Abbott was nominated to succeed him-  
self in congress, at the Sixth Democratic  
congressional convention yesterday.

## Proceedings of Congress

Doings of Both the House and  
Senate.

## ANOTHER DAY OF DEBATE.

The House Discusses the General De-  
ficiency Bill While the Senate Worked  
Industriously at the Tariff Measure.  
Other Washington News.

WASHINGTON, Aug. 6.—The house  
spent most of the day debating the reso-  
lution reported from the committee on  
rules, asking the secretary of the navy  
for the reasons of the increase of force  
at the Kittery navy yard as a substitute  
for the Cummings resolution of inquiry.  
After adopting the resolution, and re-  
ceiving the report of the election com-  
mittee in the Clayton-Breckinridge  
case, which declares Mr. Breckenridge's  
seat vacant, the general deficiency bill  
was taken up in committee of the  
whole. Some progress was made with  
the bill, but without finishing it the  
house adjourned.

The senate worked industriously at  
the tariff bill all day. The glassware  
and stone schedule was finished. A  
number of amendments proposing to re-  
duce the committee rates offered by the  
Democrats were rejected. The metals  
schedule was taken up, and pending a  
discussion of an amendment offered by  
Mr. Morgan to admit steel ores free, the  
senate adjourned. Senators Berry and  
Call made speeches during the after-  
noon on the general subject of tariff  
legislation and in opposition to the pend-  
ing bill.

## But Little Committee Work Being Done.

WASHINGTON, Aug. 6.—Outside of the  
appropriations committees of the two  
houses but little committee work is  
being done. The regular meeting days  
of the committees are passed over with-  
out anybody taking the trouble to look  
in to see if anything is going on. It  
would be useless to prepare any more  
bills for the calendar and no attempt is  
being made to do it.

## Original Package Decision.

WASHINGTON, Aug. 6.—Assistant Sec-  
retary Spaulding has written a letter to  
the collector of customs at Detroit,  
Mich., informing him that it was not  
contemplated by the original package  
law to make any change in the practice  
of Canadian railroads of delivering the  
original bill of lading to consignors,  
who transmit it to consignees at interior  
towns.

## Amount of Money in Circulation.

WASHINGTON, Aug. 6.—The monthly  
treasury statement shows that on Aug. 1  
there were in circulation of gold and silver  
coins and certificates, United States  
notes, etc., \$1,431,716,367, a net increase  
over July of \$1,397,991.

## Willing to Make \$3,000 a Year.

WASHINGTON, Aug. 6.—Miss Phoebe  
W. Cozens has made application for  
the position of superintendent of chari-  
ties of the District of Columbia, a re-  
cently created office that will pay \$3,000  
a year.

## Unfounded.

WASHINGTON, Aug. 6.—The depart-  
ment of state has been informed by the  
American legation at St. Petersburg  
that the rumor of the wholesale expul-  
sion of Jews from Russia is unfounded.

## Gold for Europe.

WASHINGTON, Aug. 6.—The treasury  
department is advised that \$250,000 in  
gold bars were paid out at the assay  
office in New York city yesterday, for  
shipment to Europe by steamer.

## Senator Brice Buys a Newspaper.

WASHINGTON, Aug. 6.—It is stated  
here upon good authority that Calvin S.  
Brice has bought The Indianapolis Sen-  
tinel. The sale, it is said, was made  
about two weeks ago.

## The Mystery Deepens.

WEST END LONG BRANCH, N. J., Aug.  
6.—The mystery in connection with the  
unknown barge which was wrecked at  
this place a few days ago deepens. Yes-  
terday morning an artist on Harper's  
Weekly, who was sketching the wreck,  
discovered a foot sticking out of the  
water. The coroner was notified. An  
investigation was at once made and four  
bodies were found. The name or num-  
ber of the barge cannot be ascertained.  
The theory is that she is the barge that  
was sunk by the steamship Thingvall.  
If this is the case the barge had four  
men aboard of her, and was barge D 13,  
from Newport News, Va. The names of  
those on the barge were Capt. Dick  
Summers, Bob Waters, a man named  
Flanning and another whose name is not  
known. One of the agents of the cus-  
tomers who is here failed to recognize  
the bodies.

## Cutters, Trimmers and Tailors.

ROCHESTER, N. Y., Aug. 6.—There  
was a large attendance at the morning  
session of the garment cutters, trim-  
mers and tailors of North America at  
the New Osborne house. At 9 o'clock  
the convention opened as a National  
trade assembly, District Master Work-  
man Hughes, of Chicago, presiding.  
The credential committee reported forty-  
two delegates. After the appointment  
of standing committees the reports of  
delegates were heard and were contin-  
ued throughout the day.

## Suicided in the Falls.

NIAGARA FALLS, N. Y., Aug. 6.—This  
morning an officer found a brown coat,  
black vest and derby hat on the bank of  
the river in Prospect park, above the  
American falls. In the pockets were  
found letters and business cards which  
leads to the belief that the owner was  
Jacob J. Kirschner, of Brantford, Ont.  
It is believed that he has committed  
suicide by going over the falls.

## KEMMLER'S LAST DAY.

The New Mode of Execution Will Soon  
be Tested.

AUBURN, N. Y., Aug. 6.—Shortly be-  
fore 11 o'clock last night invitations  
were issued to F. W. Mack, of the As-  
sociated Press, and George Grantham  
Bain, of the United Press, to attend the  
execution of Kemmler in the capacity  
of witnesses. The warden stated to  
these gentlemen that they were wanted  
not as press representatives but as citi-  
zens. It is not yet known just what  
time to-day the execution will take  
place.

Electrician E. A. Kreiger, of Corning,  
will be Mr. Davis' assistant in the man-  
agement of the electrical apparatus.  
He has been here for two days. All of  
the witnesses from abroad are now here  
with the exception of Mr. McMillan,  
who cannot come.

In conversation with the special cor-  
respondent of the United Press yester-  
day, Dr. Southwick, the author of the  
new method of execution, told some  
interesting things about it. "I have  
come prepared for the autopsy," he said,  
"with thermometers, etc., with which  
to take the temperature of the remains  
so as to be sure that death has inter-  
vened before the surgeon's knife is used.  
The law requires that the autopsy shall  
take place immediately, but that will  
be interpreted to mean within a decent  
time. So soon as the temperature of the  
man is below the point where life can  
continue to exist, the operation will be  
begun. So that explodes the idea that  
some people have had that if the electric  
shock did not kill him the surgeon's  
knife would."

"Yes," said Dr. Daniel, who, with Dr.  
McDonald and Dr. Spika, will have  
charge of the autopsy, "there is no ne-  
cessity for performing the operation  
directly after the shock has been admin-  
istered. There would be a great public  
outrage if we did. It is likely that sev-  
eral hours will intervene between the  
time when the man is killed and the  
time of the autopsy."

"I have been asked very often," said  
Dr. Southwick, "whether the death deal  
would be instantaneous. That is de-  
pendent on what you are pleased to  
term instantaneous. You say that the  
sensation when the shock of touching  
your finger end is transmitted to your  
brain is instantaneous. That sensation  
travels at the rate of 260 feet to the  
second. Now the rate of the electric  
current is one thousand times as great—  
that is, it will travel at the rate of 250,-  
000 feet a second. There will be no  
struggle before Kemmler is put in the  
chair, I think. That is not the record  
of men who have been executed. They  
usually walk to the gallows quietly. As  
to the action of the current, you may  
be sure that it will cause one little  
twitch and then the body will be rigid  
and motionless. When the current is  
taken off it will collapse and be perfectly  
limp."

Kemmler spent yesterday quietly. No  
sign was given him of his impending  
doom. His friend, the Rev. Dr. Hough-  
ton, accompanied by the chaplain of the  
prison, visited him and spent the  
greater part of an hour with him.  
They will be present at Kemmler's re-  
quest.

The doctors in charge of the autopsy  
will prepare a careful story for publica-  
tion at the earliest possible moment.

## Chinamen Arrested.

BUFFALO, Aug. 6.—Two Chinamen  
were arraigned before Commissioner  
Herschbeck yesterday on the charge of  
violation of the Chinese exclusion law  
and were committed to jail for further  
examination. One of the Chinamen  
spoke English fluently and stated that  
they had just arrived from Toronto and  
were on their way to Boston, where he  
had lived some years ago. The only  
thing that can be done with them is to  
send them back to Canada.

## Startling But True.

PITTSBURG, Aug. 6.—The Times says  
that not only will the American Asso-  
ciation and Players' League clubs contend  
for the world's championship, but that  
all of the clubs in the former organiza-  
tions will play exhibition games with  
the Players' League clubs at the ter-  
minus of the present championship  
season. The assertion is startling but  
true, as Jack Rowe, now a player and  
part proprietor of the Buffalo club is  
authority for the same.

## A Protest From California.

SACRAMENTO, Aug. 6.—Governor  
Waterman has sent a dispatch to  
Secretary of the Interior Noble protest-  
ing against declaring open the sus-  
pended surveys in Tulare county on  
which are located the big trees. The  
governor further asks that Secretary  
Noble use his influence to have the sur-  
veys remain closed until congress shall  
decide whether or not the land shall be  
set aside for a public park.

## Asking for Money.

NEW YORK, Aug. 6.—Comptroller  
Myers has sent a letter to United States  
Senator Frye relative to the action of  
the senate committee in striking out  
of the river and harbor bill the item of  
\$350,000, which passed the house, for the  
improvement of the Harlem river. After  
giving his reasons why the appro-  
priation should be made, the comptroller  
asks Senator Frye to use his in-  
fluence in behalf of the measure so an  
adequate appropriation will be made to  
complete the work.

## A Desperate Encounter.

NEW ORLEANS, Aug. 6.—A Paris,  
Tex., special to The Times-Democrat  
says that it is currently reported at  
Goodland, I. T., that Deputy Marshal  
N. T. Saddlaven attempted to arrest  
Jeff Shonds, a notorious negro outlaw.  
A desperate encounter ensued as a re-  
sult of which both men were killed. No  
particulars have been reported as yet.

## World's Fair Bill a Law.

SPRINGFIELD, Ill., Aug. 6.—Governor  
Fifer yesterday attached his signature  
to the world's fair bill. The bill has an  
emergency clause attached to it, and  
will take effect at once.

## EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.  
ROSSER & MCCARTHY,  
Proprietors.

WEDNESDAY, AUGUST 6, 1890.

### Dreams.

Mr. Kirk's dreams are bad enough, but when he wakes up and finds it is all too true, the man is miserable.—Maysville Republican.

Mr. Kirk's all right. If his slumbers are disturbed by dreams, they are pleasant ones in comparison with the visions that must haunt Mr. Gilmore these nights. You see, our good but unwise friend, Mr. Gilmore, suffered the Jailership bee to come buzzing about his ears some years ago, and made no efforts to drive it away. Thereupon he began "trimming" and "shaping up" for Mr. Dennis Fitzgerald's shoes, and has been at it ever since. Though a Republican, he voted for the Democratic nominee for Jailor eight years ago, (Mr. Fitzgerald). Four years ago he did some more "trimming," by failing to vote against the Democratic nominee for Jailor. We can not say positively what actuated him on these two occasions, but we have our opinion on that point. We are inclined to believe that as far back as eight years ago Mr. Gilmore had fixed his eyes firmly on the Jailership and was "casting an anchor to windward," to use the language of the "Plumed Knight." He knew very well that the best Republican in the county stood no show of election without Democratic assistance, and he was paving the way for his contest for the office. Well, that contest has been fought, and we regret to announce that he succeeded in leading a considerable number of his good Irish Democratic friends out of the fold, temporarily. But with all this assistance he lacked nearly 400 votes of reaching the long-wished-for goal. He ought, and no doubt does, feel grateful to his Democratic friends. Had they not gone to his rescue, he would have shared Tom Forman's fate. We advise our Republican friends to quit now. They can't scare up a nicer and cleverer fellow than Mike Gilmore in their ranks, and as they failed to elect him, even when they had strong Democratic help, we think it's time for them to throw up the sponge and retire from the ring.

But coming back to dreams. We're inclined to believe Mr. Kirk has got the best of it. Yea, we are satisfied his dreams are now far more pleasant than Mr. Gilmore's.

### The Census Worthless.

Well, well! What's the matter with the Republicans, anyway?

Blaine, Plumb and many others prominent in the ranks of the G. O. P. are jumping on the McKinley Tariff bill and tearing it all to pieces.

Nine out of every ten Republicans in the North are opposed to the Force Election bill, which their leaders, Reed, Quay, Dudley, Davenport & Co., are trying to put through Congress.

And that's not all. The Cincinnati Commercial Gazette, the great Republican organ of the West, steps to the front and denounces in unmeasured terms the census that the Republican administration is now engaged in taking. This Republican organ doesn't mince words, but speaks right out in meeting. Here is what it says:

"There never was a census more imperfectly taken than that over which the country is now fussing. The large cities are nearly all complaining. Cincinnati has not made any kick, although, in order to get at the facts, the police should have counted the population. This could have been quickly and correctly done, but was not attempted, and now Cincinnati is to appear in the record as having 296,000 people, which is at least 30,000 short of the mark. This the school census and voting population conclusively show. What, then, is an enumeration made by the Government worth? Not much, if anything. Some people undertake to say that the imperfections are due to newspapers that advised people not to answer certain ridiculous questions, thus making light of the whole business. The newspapers would not have done that if there had not been a good reason for it. The trouble does not lie with the press, but with the official who framed the absurd questions. It required an enumerator in a family of six to spend an hour in taking down answers to the long string of printed questions, many of which were useless and many of them important. For this work the official was entitled to less than 25 cents. No wonder the work was not intelligently or correctly done. No wonder, either, that in many places the returns were padded.

"Now vast sums of money will be spent in preparing and publishing the incorrect returns collected, and in five years or more great volumes will be printed to find their way to the junk shops with other public documents equally useless."

Maysville is not making much of a kick, but the fact remains, nevertheless, that she is put down by the enumerators as having a little more than 6,000 people, when according to the voting population, she has 9,500 inhabitants.

### For the Farmer and Stockman.

In 1884 the manufacturers of the United States imported tanned goatskins to the value of \$1,783,498. Last year the imports of the same quality of skins amounted to \$2,704,936.

In the year 1706 the average weight of fattened steers in the London and Liverpool markets was but 310 pounds, at the average age of five years. The average weight of the fattened steer to-day is four times what it was in 1706, only 184 years ago.

The following is the weekly crop bulletin of the Kentucky State Weather Service in co-operation with the United States Signal Service, for the week ending August 2: "The weather conditions of the past week have been upon the whole unfavorable to crops. The temperature was about normal; the amount of sunshine excessive, and the precipitation deficient. A few light showers fell in the State, but the rain was local in character and very unevenly distributed. The beneficial effects of the heavy rains of the 23rd inst. have not as yet disappeared, but in many parts of the State the need of more is being felt, and unless it comes in the course of a few days the corn, hemp and tobacco crops will suffer. As yet these are in a fair condition, except in some of the southern counties, where the prospects for corn is reported to be poor. As wheat threshing nears completion it becomes more and more evident that there is a serious shortage in the crop, amounting in the average to about 50 per cent. Meadows are reported to be drying up through lack of rain; gardens are very badly parched, and potatoes short and of a poor quality."

### Chester Council Doings.

At the meeting of the Trustees Friday evening the Mayor's report for July showed \$5 as the amount of fines assessed, and \$1 for license. The Marshal reported he had collected \$38.00 taxes and \$1 in fines during the month, which had been paid over to the Treasurer as reported by him. Fines amounting to \$8.00 were paid over to the Chairman of the School Board.

An order was drawn for \$24.30 for work on streets and cleaning out gutters.

The Maysville Street Railway and Transfer Company was granted permission to operate the road by electric power.

An account of Wm. T. Hughes for \$3.75 for work was allowed.

The C. & O. Railroad Company was granted permission to put up an electric alarm bell at the crossings.

It was ordered that all fines assessed against colored people go to the colored school fund.

Building permits were granted Mrs. Mary Clinger and John Childs.

M. C. Hutchison was given thirty days to repair culvert and open it out so as to allow the water to pass through.

The rules were suspended and an ordinance was passed governing moonlight fetes and public dances. It requires parties giving said entertainments to first procure a license from the Mayor, and failure to do so subjects the violators of the ordinance to a fine of from \$10 to \$20, for the benefit of the school fund.

### To Dispel Colds.

Headaches and fevers, to cleanse the system effectually, yet gently, when costive or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, use Syrup of Figs.

### Notice to Water Consumers.

The break-down to the pumps is more serious than anticipated. It will take several weeks to make repairs. This company therefore notifies water consumers to have leaks stopped, waste no water and stop sprinkling until further notice. A reduction in next water bill will be made for whatever time this company does not furnish water for sprinkling purposes.

### River News.

Nearly all the sidewheelers have gone to the bank on account of low water.

It is expected the John R., which sunk at Brush Creek Saturday, will be raised without much difficulty. Only four feet of water on her at the deepest place.

The Capital City is in place of the Bostona. She will pass down to-morrow morning. The City of Vevay is due up late to-night.

THOMAS A. DAVIS, P. M.

JUDGING by that majority of Longmoor, it doesn't look much like the G. O. P. of Kentucky will very soon enter that "land of promise" mentioned by the Maysville Republican last Saturday.

THE Republican remarked last Saturday that "the Bourbons are apathetic or disgusted," and that "the Union Democratic element is in open revolt." This was all balderdash, and the editor knew it when he wrote it. Look at Longmoor's majority.

HERE'S a straw that shows the drift of the political current out West. The Daily Champion of Atchison, Kan., came out last week squarely for free trade. For 30 years it had been a stalwart Republican organ and the active defender of the protective idea. While still maintaining its Republican principles it says now that the West has no use for protection. Blaine's reciprocity ideas and Plumb's stab at the McKinley bill are telling on the Republican cause in the West.

### Farmer Fatally Shot.

During the election at Brooksville Monday, an altercation occurred between Enos Workman and Joseph Haley, in which the latter was shot in the stomach and fatally wounded by Workman. Bad blood has existed between the two men for some time and trouble was anticipated when the two came together. Both are well-to-do farmers of Bracken County.

### Ho! For Esculapia and Glen Springs.

Mr. Samuel Pollitt, of the Burtonville 'bus, is now carrying passengers direct from this city to Esculapia Springs, daily. The 'bus leaves Maysville at 2 p. m., and the conveyance arrives at the Springs at 7 p. m. Leaves Esculapia for Maysville at 5 a. m. Fare only \$1.50 each way. 2w

All of T. J. Hines' children and grandchildren—a large number—were present at his golden wedding, and gave a number of nice presents.

Where is my 1,300 majority I once had in my native county? "Lang's" poultry gobbled them! We met the enemy and we are theirs.—G. O. P., Lewis County.

#### MAYSBLICK.

The drouth is telling on the corn and tobacco.

The election here was very exciting for Jailor, but the biggest fight was between Chas. W. Williams and J. J. Yancey, for Magistrate.

During our epidemic of dysentery in the summer of 1879, I sold 108 bottles of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and it proved satisfactory in every instance. The remedy is standard in this community.—Geo. B. Dunbar, druggist, Center Point, Iowa. The epidemic referred to was by far the worst that has ever occurred in Iowa. Over 40 persons died from it in a town of only 500 inhabitants; but every case in which this remedy was used recovered. It was equally successful during the epidemic of bloody flux in Virginia in 1887, and in Michigan and Southern Illinois in 1888. It has been in constant use for over eighteen years, and has proved itself to be the most successful medicine yet discovered for bowel complaints. For sale by Power & Reynolds.

### ANNOUNCEMENT.

FOR CITY MARSHAL—We are authorized to announce JOHN P. WALLACE as a candidate for City Marshal at the January election, 1891.

# "A Ground-Hog Case."

A boy was digging with an old hoe, as if for dear life, in an embankment at the roadside. A passing traveler, seeing the energy and earnestness of the boy, called to him, "What are you doing there, my lad?" Without losing a lick or looking up, "Diggin' fur a groun' hog" was answered. "Well, you will never get him at that rate," said the man. The boy, working on, replied, "The preacher's a comin' to our house to dinner, an' we've got to hev meat, an' I must git that 'ar groun'-hog." This is the origin of "it's a ground-hog case."

Now it is a "ground-hog case" with us in the matter of getting rid of our SUMMER FOOTWEAR, without regard to prices, that we may re-invest our means in the largest variety of Fall and Winter goods ever seen in Maysville. In view of our small margins, our success depends upon the frequency with which we are enabled to turn over capital. This stock must go. Come and see it and you will be astonished at our prices. Orders by mail solicited. Goods sent on approval.

Both men drew pistols, but Pieratt got the drop, and shot Rayburn three times. It is thought he can not recover. Two balls went through Rayburn's body. Welden Staten, a bystander, was also shot through the leg. Eight or ten shots were exchanged. Pieratt went to jail in default of \$1,000 bail.

## THE COMING FAIR.

A Match Race Between Two Crack Pacers Arranged for the Third Day.

The Fast Four-Year-Old Trotters To Be Here Also—Entries for the Purse Races.

The Maysville Fair Company offers some special attractions in the speed rings this year, which will undoubtedly draw big crowds.

Mr. Jas. W. Fitzgerald, the wide awake and efficient Secretary, has perfected arrangements for a match race on Friday, the third day of the fair, between the crack pacers, Bud Doble and Minnie Cassell. Doble has a record of 2:13, and Cassell a record of 2:18. Minnie, however, has since gone the last half in 1:05, a 2:12 clip, and Bud Doble will have to do his level best to beat her. The purse for this match race is \$500.

In addition to this special attraction, the crack four-year-old trotters Nancy Hanks, Glenview Belle, Bonnie Wilmore and Gillette are entered for the merchants' stake the second day. Hanks has a record of 2:19, and this race will be one of the greatest of the week. And Maysville is the only place in the circuit where these fast four-year-olds will all meet this season.

The entries for the purse races closed Monday. The list has not all been received by the Secretary, yet it is larger than ever before. To date the 2:35 trotting class shows up with eighteen entries, the 2:29 class with twenty-three, the 2:21 class with seven, the 2:25 class with eight and the 2:25 pace with sixty-two in all. And the list is not yet complete. The list will be published in a few days.

There are an even one hundred entries for the stake races and a great week of racing is assured.

### New Building Association—Election of Officers.

The first meeting of the members of the new building and saving association was held at the office of Dr. C. W. Wardle last night and the following officers were selected for the ensuing year:

President—John T. Martin.  
First Vice President—H. H. Collins.  
Second Vice President—Dr. G. M. Phillips.  
Treasurer—State National Bank.  
Secretary—Austin Holmes.

The directory is the same as published in yesterday's BULLETIN.

It was decided to call the new association the Maysville Branch of the Louisville Saving, Loan and Building Company, and to open the books for the subscription of stock at once.

The same business earnestness that has heretofore characterized the organization of this association from its infancy prevailed at the meeting last night and the genuine business way in which it proceeds is the surest evidence of its certain success.

Sufficient stock has already been subscribed to found a solid basis for the organization, and it is the belief of the directors that as its superior advantages are explained to and understood by the people that its popularity will increase. From the manner in which it starts it is expected that not less than a thousand shares will be taken in the next thirty days.

Initiation fee will be payable as the stock is subscribed for, but the first monthly dues will not be payable before the first Tuesday in September, before which time the pass books of members will be delivered to them. The dues for each succeeding month will be payable at any time before the first Tuesday thereof. The monthly dues will be 60 cents per share, or 15 cents per week, no more and no less, and from the smallness of the amount and convenience afforded members to pay, it seems as if every one could carry some shares. The money will be payable at the State National Bank just as other deposits are made.

The Secretary will make a tour of the city at once for the purpose of explaining the superior advantages of the association and soliciting stock. His office will be at the office of J. N. Kehoe, corner Third and Sutton streets, and those whom he may overlook should call and get any desired information. The association is a fixture, and, we feel, will be a prominent success.

### More Light and Opportunity.

Dr. Goldstein, the optician, who is well and favorably known in our city, will return, and will be in Maysville Friday and Saturday, August 8th and 9th. Eye glasses and spectacles fitted to all conditions of sight and impaired vision. Office at Miss Nancy Wilson's, corner Third and Sutton streets.

THINGS don't seem to have changed very much, as the Maysville Republican would have you believe. That seven hundred Democratic majority in Mason is still all right.

## MINER'S AXIMS

Don't put your foot on a "coffin" ship,  
Or in a "coffin" shoe.

Coffin Ship.

Is that a new phrase to you?

The sailor understands it. It's a ship that looks all right—as right as paint can make her. But the ship isn't sound for all her looks. The owners have "skinned" on her repairs. They've used paint and putty where they should have used oakum and rivets. She'll go to pieces at the first strain. So they call 'em "coffin" ships. Good name, isn't it?

Coffin Shoes.

Capital name for "skinned" shoes. They, too, will go to pieces in a little while. It's with them as with the ships—a pretty outside covers up cheapness of work and material. The dealer don't care. It's not his funeral. The funeral goes with the "coffin" shoes to the buyer.

But why buy these when you can get good ones at MINER'S, the firm that has back of it

58 YEARS SELLING  
GOOD SHOES.

## News From Abroad.

### Serious Accident to Berlin Pleasure Seekers.

#### FIVE PEOPLE INSTANTLY KILLED.

#### A Wagon Load of People Thrown Over an Embankment - Several People Killed By the Falling of a Caroussel in Berlin.

BERLIN, Aug. 6.—A shocking accident occurred yesterday at Grunewald. Eighteen Berlin pleasure seekers, who were driving in a large wagonette, were thrown down into the havel and five of them were instantly killed. The horses shied at a red parasol carried by a lady who was walking on the road. Before anything could be done to prevent the disaster, the horses backed the carriage over the embankment and fell with it on top of the unfortunate occupants. In addition to the people killed there are several others seriously injured.

Miss Tieger, a young lady of excellent family, was taken from the debris in a dying condition. She was to have been married to-morrow to Herr Wilberforce, who is among the "dead."

Killed in a Crash.

BERLIN, Aug. 6.—An upright caroussel in the new World park loaded with people fell yesterday with a terrific crash. The scene was one of wild confusion and horror. Two young women were killed, another had both eyes torn out and six children were mortally hurt. The affair creates intense excitement in Berlin, as the caroussel was inspected by the police on Saturday and pronounced to be perfectly safe. One woman was riding with her two young children, was picked up in a dying condition. She had both children still clasped in her arms. One of them was dead with a broken neck, and the other was unhurt.

President Celman Resigns.

LONDON, Aug. 6.—A dispatch to The Times from Buenos Ayres says that President Celman, having been abandoned by Pellegrini, Roca, Pena and Garcia, thus becoming completely isolated, has been forced to present his resignation to a joint meeting of the chambers. As Celman's partisans still form a majority of the chambers, the presentation of his resignation is probably a trick. The chambers have the constitutional right to decide whether the president's reasons for resigning are sufficient to warrant the acceptance of his resignation. Celman declares that his resignation is irrevocable.

Murdered by a Guard.

LONDON, Aug. 6.—Last evening a pedestrian passing the West End barracks was shot dead by one of the guards. It does not appear that the unfortunate man was even challenged by the sentry, nor does the latter claim that the victim was straying within prohibited limits. The guard was arrested and examined as to his sanity, in view of the wantonness of his action. The examination abundantly proved that the culprit was sane, and he was committed for trial on the charge of wilful murder.

Cholera in Russia.

LONDON, Aug. 6.—It is reported that cholera in a violent form has appeared in several Russian towns on the Polish frontier. Sanitary precautions are being taken to prevent the spread of the disease.

Socialists Expelled.

ST. PETERSBURG, Aug. 6.—The police of Warsaw have expelled from that city fifty-four foreign Socialists with the warning that if they return they will be imprisoned at hard labor.

Died of Their Injuries.

PARIS, Aug. 6.—Two of the men injured in the explosion at the mine at St. Etienne Monday, died yesterday from their injuries.

A FLAGMAN'S FAILURE.

Freight Trains Badly Wrecked on the Delaware and Hudson Railroad.

PLATTSBURG, N. Y., Aug. 6.—A serious accident occurred on the Delaware and Hudson railroad about four miles south of Port Kent yesterday morning. Two extra freight trains, in charge of Conductors Long and Connors, left here about 9. When one mile south of Port Kent Long's train broke in two. Connors' train was closely following, and in rounding a sharp curve, some miles further on, crashed into the rear portion of the head train.

The engine of Connors' train was completely demolished and seven cars derailed and badly damaged. Engineer King received severe bruises and Fireman Whitehead was so badly hurt that he may die. The cause of the accident is said to have been the failure of the flagman to go out to stop the second train.

Horse Thief Captured.

RICHMOND, Ind., Aug. 6.—Yesterday morning postal cards were received offering \$75 for the recovery of a horse and buggy stolen Saturday night from John Glascock, of Jackson township, Hancock county. Later a countryman named Jonas Gaar came in and told of a suspicious character with a rig answering the description. In the evening Charley Page, detective, came in with a man and rig. He says he is James William Potts, of Columbus, this state, and confesses his guilt.

Fell Twenty Feet.

HARTFORD CITY, Aug. 6.—Ed. Campbell, a workman at the glass works building at this place, fell from the wall, a distance of twenty-five feet, yesterday, alighting on his head and shoulders. He was picked up for dead, but recovered and is all right. It was a frightful fall, and a remarkable escape.

Embezzling Charges Dismissed.

MILLERSBURG, O., Aug. 6.—The charges against Representative Troyer, of Holmes county, for embezzling money while sheriff, have been dismissed. Troyer having made good the amount with his bondsman.

## WHO WILL IT BE?

World's Fair Director General to Be Chosen Next Week.

CHICAGO, Aug. 6.—President Palmer, of the National commission, telegraphed officials at headquarters Monday stating that he will arrive in Chicago in time for the conference between committees representing the commission and the directors to begin Wednesday.

In addition to President Palmer, the National commission will be represented by Secretary Dickinson and the following other members of the committee on permanent organization, and probably by others: Commissioner McKenzie, of Kentucky, chairman; Ewing, of Chicago; Breslin, of New York; Martindale, of Indiana, and Kerens, of Missouri; the other members of the committee being Messrs. McDonald, of California; Smalley, of Vermont; Cochran, of Texas; Wildener, of Pennsylvania; Goodell, of Colorado, and Keogh, of North Carolina.

Directors Lyman J. Gage, Edward T. Jeffery, William T. Baker, Marshall M. Kirkman and Charles L. Hutchinson will represent the Illinois corporation. "Our chief topic," said a director, "for discussion and action will be the selection of a director general. The director general, in my opinion, will probably be the personal appointment of the president, who appoints the executive committee, which in turn nominates him to the commission. In this view the executive committee, in the person of its coming creator co-operating with members of the permanent organization committee, will hold on next Wednesday and Thursday the prescribed conference with the world's Columbian exposition at Chicago, and the person agreed on at the conference for director general will be duly enrolled and hard at work in this city within one month from date. As to who is the coming man, I can say that mention is made of Mr. Goshorn, Mr. Allison, Mr. McCormick and others."

Death of a Divine.

MILFORD, Mass., Aug. 6.—The Rev. Adin Ballou, pastor emeritus of the Hopedale Universalist church, died yesterday, aged 87. He was a lineal descendant of Marshal Griensland Ballou, one of William the Conqueror's generals, who died in 1091. The family settled in Rhode Island in 1646. The deceased was born in Cumberland, R. I.; entered the Baptist ministry in 1821 and became a Universalist in 1823, officiating over Boston, New York, Medway, Milford, Bellingham, Mendon and Hopedale churches. In 1842 he, with others, founded the Hopedale community, which was designed to live according to the literal interpretation of the teachings of Christ. He was a leading anti-slavery worker.

Shot Down on the Public Square.

HALLETSVILLE, Tex., Aug. 6.—Constable W. A. Stubbs and Jim Tucker, two prominent citizens, were shot down on the public square last evening by John Smothers, Jr., and Bird Kelly. Constable Stubbs was shot through the head and died instantly. Mr. Tucker was carried off in a dying condition. About seven shots were fired. In the excitement that prevails the cause of the shooting cannot as yet be learned. The victims are young men and leave families. Mr. Stubbs was a candidate for sheriff of Lavaca county.

Beat the Record.

BOSTON, Aug. 6.—At Beacon park yesterday J. H. Clausen, of the Boston Athletic association, succeeded in breaking the world's amateur record for the running hop, skip and jump, making 44 feet 5 inches, as against Malcolm W. Ford's record of 44 feet 1 3/4 inches, made in New York in May last.

Negro Rapist Lynched.

NAVA SOTA, Tex., Aug. 6.—A negro named John Brown, charged with committing a rape on a white girl in this county, was taken from jail yesterday by citizens, who hanged him to a convenient tree and then filled his body with bullets. The negro confessed his guilt before he died.

A Few Days Longer.

PHILADELPHIA, Aug. 6.—A special from Cape May says: The president did not leave yesterday as expected. He and Secretary Blaine have derived so much benefit from their short sojourn that it has been decided to defer the day of departure until to-morrow. President Harrison and Postmaster-General Wainmaker will then proceed at once to Washington while Secretary Blaine will go to New York.

The Election in Kentucky.

LOUISVILLE, Aug. 6.—The only state office to be filled by the choice of the voters of Kentucky was that of clerk of the court of appeals. The candidates were J. H. Tinsley, Republican, and W. W. Longmoor, Democrat. A judge of the court of appeals and three superior court judges for the Third district were also chosen. It is estimated that Longmoor's majority will reach 35,000.

Confederate Memorial Unveiled.

BATON ROUGE, La., Aug. 6.—The bronze statue of a Confederate soldier, erected by the Confederate Memorial association to the memory of those who went from this parish to serve the cause of south, was unveiled yesterday, it being the anniversary of the battle of Baton Rouge, with appropriate ceremonies.

The Election in Utah.

SALT LAKE, Aug. 6.—Revised returns of county elections here indicate that five Liberals have been elected by good majorities. The candidates for assessor, selectman, attorney and two aldermen on the same ticket were chosen by small majorities. The Mormons elect their candidate for sheriff by a majority of 200.

A Cloud of Hoppers.

HALLOCK, Minn., Aug. 6.—Between 1 and 2 o'clock yesterday afternoon dense clouds of grasshoppers were seen passing between the earth and the sun going south. They came from the north and were flying high.

Killed Her Child With a Stone.

SYRACUSE, N. Y., Aug. 6.—Henrietta Shackleton, an abandoned woman, gave birth to a child in an outhouse in this city yesterday, and then killed it with a stone. She will be arrested.
